MENU

Don Felipe Pérez started El Meson Sandwiches in 1972 with a single goal in mind: to provide his customers with fresh, wholesome, finely crafted sandwiches. We continue to use his recipes to this day.

More importantly, we continue to follow his philosophy: when you combine great ingredients with people who care, the result is better food. You'll taste it in everything we make.

Coffee has been a tradition in Puerto Rico since 1736, which means at El Meson we have a lot to live up to — and we do.

We use only the finest hand-selected 100% Arabica beans harvested from Puerto Rico's prime growing regions, medium roasted in the traditional style to bring out their delicate flavors and aromas.

We offer a full menu of coffee drinks — ask for them by name!
